Australian Financial Services and Business Delegation to the Asian Financial Forum, Hong Kong (AFF)

Start the New Year motivated and inspired with global insights, new opportunities and the comradery of a business delegation.

Expat Advisors community is leading the 2017 Australian delegation to the Asian Financial Forum. Hosted by Think Global for the last seven years, this year's program will include networking with local industry participants in funds management, professional services and financial innovation, as well as the opportunity to be part of a presentation and Australian showcase on investment migration, property and business opportunities.

Many Firms in Asia are looking to enter the Australian Market seeking to understand our highly regulated environment and partner or joint venture with Australian businesses.

The Annual Asian Financial Forum hosted by Hong Kong Trade and Development Council is an ideal platform to gain an understanding of the financial services landscape, outlook and potential opportunities. Now in its 10th year, the AFF has grown to 2,800 delegates in 2016, with 50% from overseas including mainland China.
